Join **Alison Barry** for a day of Plein Air painting on the Chesapeake Bay. We will meet indoors at 11:00 am for an introduction to Plein Air. After a break for lunch, we will set up outside for a demonstration and painting instruction by Alison. Then we will work on our own art until 3:00 pm.

Bring your own art supplies, lunch and a chair. Paints, pastels, pencils or whatever medium you prefer. Suggestions of equipment to bring include water containers, brushes, easels, canvases or paper on a clipboard.

Alison Barry has been painting Southern Maryland landscapes outside since 2014. She has won many awards in regional Plein Air festivals. Last December, Guild members viewed a video showing Alison creating her art. This fascinating video is available from the North End Gallery and the Town of Leonardtown <https://www.visitleonardtownmd.com/northendgallery>
